The Heartbeat!

Fellow club members and Corvette enthusiasts. A new month is upon us and hopefully it will bring Corvette weather.

Remember the Chevrolet ad that quoted the phrase "Chevrolet, the Heartbeat of America?" Well friends, we are about to lose the heartbeat of our club. Our vice president, Joan Yaros, is moving to North Carolina and she is taking with her, all of her talents of putting our club events together. I know it was a frustrating duty coordinating these events, and then have minimum turn-out, or having to cancel because there was no interest. But when it worked, we had a great time. Many events remain scheduled on the VP calendar and we can honor Joan by attending these events. Joan's last ACCC event will be the meeting on May 17th, please come out and extend well wishes. With that said, after that meeting, we will have an opening on the board for vice president. Please step up, volunteer, and start a new heartbeat. The next election is in November, but a temporary fill is needed and being solicited.

Mystery Cruise? – what is that you say? It's a trip to nowhere, but somewhere, with participants not knowing the final destination. Skip and Marie planned this cruise for April 20th. We met up at the Culpeper Old Country Store, travelled south on SR 29 to Charlottesville, and ended up at Michie Tavern, built in 1784, for a lunch of country fried chicken, pulled pork, mashed potatoes and gravy, veggies, cornbread, and biscuits. A self-tour of the tavern was a treat. Afterwards we drove to the top of the mountain to Carter Orchard for refreshing drinks, donuts, and a view of Charlottesville. I followed Dave Jones home and he took us on a beautiful drive through horse country. Awesome weather, awesome cars, and awesome friends.

With a two-week notice, we were able to get nineteen Corvettes from various clubs and 30 people, but sad to say, only nine from ACCC – and the cruise to Captain Billy's is our annual event. As stated previously, lack of enthusiasm or something better to do? We had a great run to the crab house with Joan leading and me on the caboose. I had the best view with 18 Vettes in front of me.

I would still like to field 10 Corvettes in the July 4th parade in Aquia Harbour. They let us use their facility for our meetins, so please step up and let them see our cars. I need three more to fill the lineup. Exposure may bring new members.

Until next month,

Al McCloud

AQUIA CREEK CORVETTE CLUB

The purpose of this organization shall be to provide educational needs for those with Corvettes, and for the preservation, restoration, and enjoyment of all Corvettes.

NOW IN OUR 35rd YEAR

Aquia Creek Corvette Club (ACCC) was formed in September 1987 by a group of die-hard Corvette enthusiasts from Aquia Harbor in Stafford, VA. The name was selected reflecting the Club's geographic and historical origins in the Old Dominion. Through hard work and commitment, ACCC has enjoyed constant growth and now boasts 54 members representing nearly 70 Corvettes, from a 1953 to 2020. ACCC membership consists primarily of Stafford County residents, but has members from Prince William, Fairfax, Fauquier, Spotsylvania, Culpeper, Loudon, Louisa counties, and two in Florida. Since September 8th, 2014, the ACCC Facebook Group has been limited to ACCC members only, except for a few that were already group members.

ACCCording to the Vice President & ACC EVENTS
Joan Yaros

Welcome to May! As most of you know by now, I am moving to the Wilmington, NC, area sometime in June. This will be my last VP column and May 17th will be my last Club meeting.

I have enjoyed being an ACCC member for 13 years and meeting some great people. It has been my pleasure working with the Board for the past 3-1/2 years. I loved planning events for our members but have been disappointed lately by the lack of interest and participation.

I would like to express special thanks to some. First to **Al McCloud**, as President, for a super job keeping us all on track, even setting up Zoom meetings during COVID quarantine. Each month he gathers up all our event photos and creates great collages for the Newsletter. Also to **Margaret McCloud** for the best yummy chocolate chip cookies at meetings. To **Skip and Marie Sizemore,** thanks for your willingness to always participate, help me plan, and take the lead on events, including really big ones like the picnics, Christmas parties, and Graves Mountain. I loved our Daytona ROLEX trips and look forward to doing it again with you. Kudos to **Steve Argubright** for taking on the Secretary & Treasurer positions and for spearheading our awesome ACCC/BCC Toys for Tots cruise every year. Although we have missed seeing you in person, thanks **Pete Rutledge** for continuing to produce a great Newsletter for all of us to enjoy. Thanks to **David Jones** for always being there on meeting nights to set up and let us into the building. Also for "volunteering" to take over as Museum Ambassador! Thanks to **Bud Donner,** my VP predecessor, for helping me and for introducing our Hickory Bridge cruise in November, a favorite every year. Finally, thanks to **Ron Mahaffey** for "volunteering" to take on the Christmas party for 2022!

I also really appreciate all the members who make an effort to attend the meetings and events. It is your Club so why belong if you don't want to participate!

Here is a quick review of our April events: On April 9th we had a good group for breakfast at Juke Box Diner in Manassas. On April 20th **Skip and Marie Sizemore** led the "mystery cruise" group to lunch at Michie Tavern in Charlottesville followed by a visit to a winery overlooking Charlottesville. I understand it was a super event and I was so sorry I could not go. After two years, ACCC was able to resume our annual cruise to Capt. Billy's in Maryland. On short notice but given a beautiful warm day, we had 19 Corvettes, 1 truck, and about 30 people. As always, the food was great! See all the photos of these events in this Newsletter.

Now, let's check out what's coming up in May. As a nod to Cinco de Mayo, I planned a lunch on **May 1st at 11:30 am** at Hector's, a new Mexican restaurant in Tacketts Mill, 2233 Tacketts Mill Drive in Lake Ridge.

We have 8 members traveling for our out-of-town cruise to the OBX Rod & Custom Festival in Nags Head the weekend of **May 6-8th.** I am keeping in touch with Jim McKay and the NVCC group so we can meet up at some point during the weekend.

Don't forget **May 8th** is Mother's Day.

May 14th is the Cars & Ice Cream show at The Old Country Store. Plan to meet **Skip & Marie** at Gold's Gym in Culpeper, **departing at 4:15 pm** so we can cruise in together and secure parking spots.

May 21st is the 2nd Annual Pets & Vettes show in Dumfries.

Remember to take time on Memorial Day, **May 30th,** to honor those who made the ultimate sacrifice for our freedom.

Please see Events for additional details on the May events and other upcoming dates. I am leaving in some dates I planned in case someone

wants to volunteer to become POC for them. If not, just delete.

I hope to see some of you at an upcoming event and please plan to join us for the monthly meeting on **May 17th at 7:00 pm.**

I am not saying goodbye just yet. I do hope to keep in touch and you may never know when I may just pop in occasionally! Until then…

Save the wave,

Joan

NEWS FROM THE NATIONAL CORVETTE MUSEUM

May 2022

Dave Jones

Coming in May is the new exhibit *Hot Wheels: Race to Win.* The exhibit was created by The Children's Museum of Indianapolis in partnership with Mattel. Hot Wheels were introduced by Mattel in 1968 and have come a long way in both diecast and life-size varieties. More than 800 models and 11,000 variations of Hot Wheels have been created and more than 4 billion cars have been sold. The exhibit "… brings families together to learn what brings racing to life in a fun and memorable way," says Julie Freeland, Senior Director, Global Live Events & Attractions, Mattel. Visitors can form race teams, working together to build and test the fastest and safest speed machine using the diecast cars to experiment and display. A six-lane speed track is available on which visitors can test their theories about racing. The exhibit includes a Pit Stop Challenge in which children and families can race the clock to change tires and refuel actual cars. Also in the exhibit are racecar parts, artifacts, and memorabilia including Corvettes from the Museum's collection. The exhibit will be available from May 27 through September 25, 2022. (For those who like trivia, Mattel, Inc., was formed in a garage in January 1945 by blending the names of two of the founders, Harold "**MATT**" Matson and **EL**iot Handler.)

The National Corvette Museum has announced plans for a dedicated education gallery. The new 2000-square foot space is tentatively scheduled to open in late 2022/early 2023 and is inspired by the General Motors Technical Center in Warren, Michigan. The facility will be designed for both children and adults, featuring artifacts and technology focusing on the unique story of Corvette. The space will not only serve visiting guests but also as a space for learning opportunities and education programming for the local community schools. Construction is expected to begin in May 2022.

The Museum raffles Corvettes as a source of revenue. Current Corvette Raffles are:

--2023 Build Your Own Corvette—Drawing April 29, 2022 - Tickets $250, 565 of 1500 remaining

--2022 Arctic White Convertible—Drawing April 30, 2022 - Tickets $20, Unlimited

--2023 Torch Red Coupe—Drawing May 19, 2022 - Tickets $150, 969 of 1500 remaining

--2023 70th Anniversary White Convertible—Drawing June 16, 2022 - Tickets $200, 1437 of 1500 available

More information on the cars and how to participate can be found available on the internet at:

ACCC Members Participated in Cars 'n Coffee in Woodbridge on April 2, 2022

Ron Mahaffey, Al Martinez, Steve Argubright, Ken Grier (BCC), and the mystery blue C5 were among those who attended Cars and Coffee Woodbridge on April 2. The event coordinator said there were nearly 200 cars. Briefly, this event helped defray the medical expenses of a young family in Stafford whose wife contracted COVID last December. This was shortly after she delivered their second child and was subsequently hospitalized for three months. Happily, she is now in rehabilitation. A "GOFUNDME" page was created with a goal of $5,000.00, and including the donations on April 2, $4364.00 had been raised. The coordinator said Lustine Toyota/Dodge in Woodbridge made a very generous donation.

Hopefully the goal was met!!

Coming up is the OBX Rod & Custom Show

Nags Head, NC, May 6-8, 2022

Registration is open for the OBX Rod & Custom Festival in Nags Head, NC, on **May 6th & 7th.** If you plan to enter your car and participate in their activities, check out their website at the OBXrodandcustomfestival.com. Registration cost is $50.00 and non-refundable. In 2021 they donated $25,000.00 to local charities in the Outer Banks.

Registration is **not** a requirement for this trip. Some of us just want to go the beach and enjoy seeing all the great cars. Also, the Festival is not divided like last year because of COVID restrictions. It is at one location, The Southside Event Site, on 10 acres on the Roanoke Sound in Nags Head.

At this point we have 8 members going, including Lee Morton, and we are planning to stay at the **Comfort Inn Ocean-front.** This Festival has been growing in popularity each year so, if you want to go, please respond to me by **February 5th** and plan to make your reservations soon. If you need to, you can always cancel later. No room blocks.

What Did You Do to Your Corvette?

Jim Eden — 2022 Stingray

Jim Eden bought a new Corvette. Jim was a club member in 2014-16 with a green C7 and now he is back with this new, gorgeous 2022 Red Mist Stingray. Congratulations and welcome back, Jim.

Al McCloud — 2019 Grand Sport

I had to replace a second wheel on the Grand Sport. The first one was replaced a couple years ago from hitting a pothole north of Nashville, returning from the last Museum Caravan. This one happened locally, this year, either by hitting a pothole or driving on these so-called repaired roads that the county has been working on. I discovered it by having a slow leak that I had to keep adding air to. I took the Vette in for inspection and asked them to check it. Cracked rim, and it would not pass inspection. Anyhow, I was lucky again, as my NCM insurance took care of it, at a cost of $1183. Two more and I'll have a new set.
