ACCCording to the President Skip Sizemore

Hello ACCC,

Just want to remind you that ACCC will have a club tent at Carlisle for 2016. We are going to need some help decorating and manning the tent. Please let me or any of the other club officers if you would like to help. This is not hard work it is mostly setting in a chair under the tent. The idea is to get greater club attendance/participation at this event. Carlisle is all things Corvette. It is close, it is fun and interesting. Having the tent will allow us to promote the Aquia Creek Corvette Club, provide a focal point for club members and provide a place to take a load off, get out of the sun and/or rain as the case may be. Our club Membership person Marie Sizemore has a request in this months' **ACCCELERATOR** concerning club participation at Carlisle. We need your help on this one so have a look at Marie's request. (*See Page 12*)

I am happy to report that the Corvette Racing Team won race two of the IMSA schedule the 12 Hours of Sebring. That means the Corvette Team has won both of the season opening races by winning both the 24 Hours Of Daytona and Sebring. Some refer to these two races as the 36 Hours of Florida. Now it is on to Long Beach California for the shortest race of the season. Go Team!

With spring now in motion it is time to get the Corvette rolling and our activities in motion. Keep your eyes on the events calendar and participate. Better yet plan an event and get it on the calendar. Life's short lets go!

I have yet to receive a correct answer to last months' trivia question so it is going to be the April trivia question. Maybe some of you need to ask for a refund on some of those not so smart phones.

This month's trivia question: This months' trivia question comes from one of my favorite Corvette eras, the C4s. In 1992, the revised small block pushrod engine had an unusual feature. Was it?

- A. Alloy block
- B. Eaton supercharger
- C. Throttle body
- D. Reverse flow cooling
- E. Fred Flintstone brakes

Remember to send your responses to bugbent@aol.com. As usual the first in with the correct answer will be the winner and will receive a free 50/50 ticket at our next business meeting.

Keep the revs up and the rubber side down!

AQUIA CREEK CORVETTE CLUB

The purpose of this organization shall be to provide educational needs for those with Corvettes, and for the preservation, restoration, and enjoyment of all Corvettes.

Aquia Creek Corvette Club (ACCC) was formed in September 1987 by a group of die-hard Corvette enthusiasts from Aquia Harbor in Stafford, VA. The name was selected reflecting the Club's geographic and historical origins in Old Dominion. Through hard work and commitment, ACCC has enjoyed constant growth and now boasts 50 members representing nearly 70 Corvettes, from a 1953 to 2016. ACCC membership consists primarily of Stafford County residents, but has members from Prince William, Fairfax, Fauquier, Spotsylvania, Orange, Culpeper, Loudon, Louisa counties, one member in California, and two in Florida. Since September 8th, 2014, the ACCC Facebook Group has been limited to ACCC members only, except for a few that were already group members.

FOR THE RECORD

Lee Morton, Secretary

President Skip Sizemore called the meeting to order at 7:30PM. Members in attendance were: Skip Sizemore, Marie Sizemore, David Benton, David Shadbar, Dottie Shadbar, Lee Morton, Al McCloud, Margaret McCloud, Bud Donner, Pete Rutledge, Tom Davis, and Nan Wehmeyer.

Bud Donner motioned to accept the February Minutes, seconded by Pete Rutledge. The motion passed.

Treasury Report: Dottie Shadbar reported that the account is in good standing. Dottie mentioned that we pay over \$300 to have our taxes done each year and asked if anyone knows if we can get it done cheaper. The Club's tax forms are not very extensive. Aside from Turbo Tax, there were a few other recommendations from the floor. Skip Sizemore suggested sending out an email asking members for suggestions.

Membership: Marie Sizemore reported that we have 50 members.

Newsletter: Look for the newsletter by 1 April.

Vice President: The BPHS is looking for a donation for their Safe After-Prom Party. No one recommend we make a donation. We are still looking for a place for next month's ACCC breakfast. Skip recommended Anne's, a local restaurant in Fredericksburg. Dottie Shadbar recommended the Four Season's restaurant off or Rt 1 in Fredericksburg; Dave also said he would look for a good time in April to participate in the Burger King car show in Manassas.

Sunshine: John Horvath had his surgery and is now doing rehab.

NCM Ambassador. Apr 28 – 30 is the Bash. On May 1-4, the Museum is doing the Tail of the Dragon, but that event is sold out. For more info on other events, go to corvettemuseum.org. Bud suggested we try an overnight trip to a town near the Tail of the Dragon. He spoke of the town of Whittier, where we could stay at the Gear Head Inn. We just need to plan a date. More info to follow.

Old Business. Skip reported on the breakfast at Bob Evans. Well-attended and great service; Dave Shadbar reported on the Nags Head trip. Look for more information in this newsletter; Lee Morton reported on the ACCC club nametags and that the shop we had them made no longer has us on file. Pete Rutledge made a motion to for the

Club to pay the setup fee and start a new run of nametags at Prince William Engraving. Pete also volunteered to be the point of contact. The motion passed.

New Business. Tom Davis discussed the plans for the town of Quantico to participate in their Memorial Day Weekend celebration, Saturday 28 May. The Club would be displaying their cars. Fireworks that evening, picnic food, etc.

On May 21 Cooper Corvettes is having an open house. They will serve BBQ from Dixie Bones. It starts at 10AM.

Nan Wehmeyer brought flyers with information on the Myrtle Beach trip in June. Look for more information in the newsletter.

Pete Rutledge announced he will restart the monthly Garage Nights. He will send out more information in the near future; Pete Rutledge suggested a potential event would be to attend local drag races or other track events around the VA or MD areas. He will do some research and provide a recommended schedule.

Skip Sizemore announced the March birthdays. There were no reported anniversaries.

Margaret McCloud won the 50-50.

The meeting was adjourned at 8:13 PM.

NCM AMBASSADOR NEWS

March 2016

Bud Donner

Spring is finally here - the sun is shining, the cherry blossoms are at their peak, and Louise and I are looking forward to all the fun Corvette activities in the coming months. It's time for a little maintenance, too. First on my list is laying on some of the polish I picked up at the Museum last year. Then an oil change and the Callaway will be ready for summer!

Your museum does a lot more than showcasing the history of the Corvette – here's an example: back in February, Chevrolet suggested that it would be a good idea if leap day Feb. 29 was used as an occasion to promote random acts of kindness for others. The Museum and Motorsports Park participated by running a contest for local school children who showed leadership and participated in volunteer work. Six students, ranging from Kindergarten to sixth grade, were chosen for their acts of kindness at school and in the community; things like being a mentor to an autistic classmate or singing to the residents of a nursing home. They were rewarded with a Corvette experience at the Museum, including a ride around the Motorsports track, a family admission to the Museum,

ice cream at the Café and a t-shirt of their choice at the Museum Store.

Speaking of the Museum Store, it will again be set up at Carlisle with a good selection of merchandise from the Bowling Green store. Your purchases will benefit our Museum, and if you're a NCM member your discount will apply to purchases at the store. By the way, if you're a National Corvette Owners Association member, their Friday Night Social on August 26 will be held at the Hilton Harrisburg – details were in their Vette RPM eNews (ncoa@multibriefs.com) sent on March 22. Thanks to Skip, our club has reserved a tent at the showgrounds for the entire weekend – we hope to see you there!

1987 Corvette

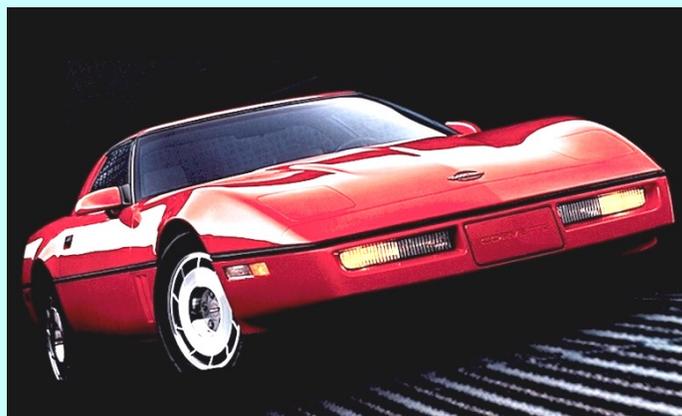

Exterior styling remained the same as the 1986. However, roller-bearing valve lifters reduced friction, thus boosting engine horsepower to 240. Improved rocker-arm covers reduced oil leaks.

A "sport" package included softer suspension; heavy duty radiator; radiator boost fan; gas-charged shocks; engine oil cooler; faster steering ratio; larger front stabilizer bar, and wider tires.

Another innovation was a twin-turbo engine package. Although not a factory installed option, it could be ordered in advance from dealers. Fully assembled Corvettes were shipped from the Kentucky factory to Callaway Engineering in Connecticut for engine conversion and other modifications. Of the 184 twin-turbos built, 63 were convertibles and 121 were coupes. The special engine was rated at 345hp and could reach a top speed of 177.9mph with overdrive gearing. All Callaways had manual transmissions and none were certified for sale in California. It should be noted that the Callaway option cost approximately \$20,000.

Electronically controlled air conditioning was an available option and other convenience options included a passenger-side power seat, heated mirrors and heated rear window.

Production levels that year reached 30,632, including 10,625 convertibles. The base coupe was listed at \$27,999 and the roadster at \$33,172.

Aquia Creek Corvette Club Annual Road Trip to the Outer Banks, March 11-14, 2016

The morning started with our usual meeting at the Cracker Barrel in Central Park, where Dave & Dottie Shadbar, Al & Margaret McCloud, Mary Anne McGovern and I met to get the day started with a good breakfast. Mary Anne and her late husband John were the first to do this trip back in the late 1990s, and at that time it was just the two of them and one Corvette.

After breakfast we headed south down I-95 to the Thornburg exit where we picked up Don & Sharon Radeke in their new 2016 Stingray. We had a small contingent of four Corvettes, and all were C7 Stingrays. With good weather and smooth traffic in front us, it made for a good drive to Outer Banks. Rumors of occasional speed limit violations can neither be confirmed nor denied.

When we arrived at the Baymont Inn (formerly the Holiday Inn Express) in Kitty Hawk, we were greeted by the same friendly staff that has welcomed us all these years. It's at the point where many of us know each other by name, and that makes for a good stay. Friday evening the 8 of us dined at the Black Pelican, one of our favorite surf & turf spots, right next to our hotel. The service was a bit slow this time, but the food was good as always! The Black Pelican is also a historic landmark, as back in December 1903, the building served as a Life Saving (Coast Guard) station, and it was from there where the Wright Brothers sent their famous telegram: "Success four flights this morning all against twenty one mile wind started from Level with engine power alone average speed through air thirty one miles longest 57 seconds inform Press home Christmas."

Saturday the group split up and everyone did their own thing. Some hit the Tangier Outlet Mall for a little shopping, some toured the island, checked out the Wright Brothers Museum and the Bodie Island Light House, some walked the beach, and some did all the above. Many of us spotted numerous other Corvettes roaming the Island that day. We couldn't figure out what was up, but it was certainly nice to see. Don Radeke and I got in 18 holes of golf at The Pointe Golf Club, just north of Kitty Hawk. Given it was March, the course wasn't very busy, so Don and I were able to play quickly and enjoy our round. Who won? Well it wasn't a competition, and we both had a blast. But if money was on the line, my pockets would've been a little heavier on the way back to the hotel! It was also the first time I got to ride shotgun in a C7, as Don drove us to and from in his new 2016 silver coupe with red interior. Very nice!

We had dinner Saturday evening at JK's, another of our favorite surf & turf spots. Good company and good eats. After dinner we adjourned to the hotel lobby and engaged in some pleasant conversation and adult beverages. I don't know what was in that jar of clear stuff that Al brought, but I woke up Sunday feeling like I'd been through the rinse cycle. Luckily it quickly wore off.

After breakfast on Sunday, we washed our cars in preparation for the Annual St. Patrick's Day Parade, sponsored by Kelly's Outer Banks Restaurant and Tavern. Kelly's always puts on a good event and this was no exception. The crowds were huge and about as energetic as I've seen. Thousands of people lined the beach access road to cheer on and catch candy from the parade vehicles. And of course – they loved our small cadre of Corvettes!

This annual event is always one of my favorites. If you've never participated, or haven't done so in while, it's worth giving it a go! (See pics on next two pages)

Captain Billy's Crab House

Corvette Cruise

Sunday

April 24, 2016

Come join your fellow club members on April 24, 2016 for a Corvette cruise to Captain Billy's Crab House located in Popes Creek, Maryland on the Potomac River. Back in the days of mail boats and locomotives, when electricity was new to Popes Creek and work was just beginning on the Potomac River Bridge, nine-year-old Billy Robertson sold his first crabs on this very shore. He spent his entire life here, working on the water he loved, and opening two successful seafood restaurants, Robertson's Crab House and later, Captain Billy's, where his greatest joy was to mingle with and talk to his customers. He would greet his friends, colleagues and customers in the same fashion all the time, and to carry on his legacy, we say to you . . ."And How Are You Today?"

Cruise Info:

The Northern staging area for this cruise is the commuter lot on Route 630, Stafford, just west of the exit, at 11:45 am. We will leave at noon. Mike Shepherd will lead us to the restaurant and maps will be provided, "just in case".

Mike Shepherd is the POC for this event: Phone: 540-840-2099; email: vettemike1959@verizon.net.

The southern staging area is the Walmart on Route 3 east. The caravan will do a "drive by" but will not stop, so please be ready to join us at approximately 12:30 pm.

The final staging area is at the Tech Center in Dahlgren, just before the 301 bridge, at approximately 1:10 pm. We leave when the police arrive. They will escort us over the bridge into Maryland.

ETA at Captain Billy's is 2 pm. Generous parking is available.
