## ACCCording to the President Ron Mahaffey

## 2025-6 ACCC BOARD MEMBERS

ACCC activity this month has picked up. We started the month with our normal monthly breakfast at a new establishment in Fredericksburg (The Silver Diner in Central Park). The breakfast menu had lots of choices and the food was very good. Parking is a little bit of an issue, but we all found parking close by. Those who participated were: Mary Anne McGovern and her two guests, Dave Jones, Steve Argubright, Al and Margaret McCloud, Skip and Marie Sizemore, Chris and BJ Mendl, Jim Martin, and Ron Mahaffey. Thank you Marie for arranging the breakfast.

As you know, we always try to have dinner before our monthly meeting at a local establishment. This month we tried a new place and was very pleased with the food and the service provided. It was the Mi Rancho Mexican Restaurant on Route #1 just South of Route #610 in Stafford. We'll definitely add the restaurant to our places for dinner in the future. Thanks Marie for arranging. Those at dinner were Skip and Marie Sizemore, Al and Margaret McCloud, Mary Anne McGovern, Jim Martin, Nan Wehmeyer, Steve Argubright, and Ron Mahaffey. I had previously challenged everyone to drive their Corvettes to the meeting...well guess who did not, you got it, me. I had errands and meetings between Woodbridge and Burke and by the time I got home it was 4:10 PM and I was going to meet everyone at Mi Rancho, so I just drove my SUV. Well Al called me on it, and rightly so. I will be driving a Corvette, rain or shine, to the next meeting, so the challenge still stands.

Saturday, 26 April, we were going to support the Regester Chapel Block Party but since the weather was not going to cooperate with us, I cancelled our participation and notified the event organizer (Jim Atkinson). He understood and said, we'll look forward to next year. The following members had signed up to support: Steve Argubright, Chris Mendl, Dave Jones, Jim Eden, Al McCloud, and myself.

Lastly, we had our annual CAPT Billy's Cruise and lunch in Maryland on Sunday, 27 April. Marie and Skip orchestrated this event including the Police Escort from the Dahlgren Technical Center to the Harry Nice bridge. We had invited five other Corvette Clubs to participate and we ended up with members from four of them, Northern Neck, Battlefield, Old Dominion, and Northern Virginia. Old Dominion was the biggest supporter. We had a total of seventeen Corvettes make the cruise. ACCC Members who made the cruise and enjoyed the lunch were: Al and Margaret McCloud, Skip and Marie Sizemore, Ron and Elizabeth Mahaffey, Gene and Angie Kneibert, and Jim Martin. I will send a note to the King George Sheriffs Department thanking them for their police escort in support of our event.

\*\* Remember we'll be celebrating Cinco De Mayo with lunch at Hectors in Lake Ridge, Saturday 3 May at 1200.

*Ron*

### **Car Talk.**

--Pete Rutledge hadn't started his '54 Corvette for a few months, but he tried starting it recently and was pleased that after quite a bit of cranking it started without the use of starting ether. He had begun to doubt his last carburetor rebuild but thinks maybe he did okay after all. He added that maybe he just needs to start the car more often to keep gasoline in the carburetors (as gasoline evaporates over time).

--Albert Martinez mentioned a possible case of gremlins in his garage. He recently took his C2 out for a drive because it was such a beautiful day. To his dismay, the car rode rather rough...so he checked under the hood and noticed a small hose connected to the carburetor was disconnected. After reconnecting the hose, the car still idled rough, so he removed the air filter to look at the throttle and nothing seemed amiss. Then he decided to turn the idle screw on the carburetor and noticed the idling improve. Ironically, he had done the same procedure the day before and was perplexed because there's no way for the screw to turn on its own. Bottom line...look out for garage gremlins!

### **Old Business/Event Follow-ups**

--The PWCPD has not responded to an ACCC proposal to hold a "Cops, Coffee, and Corvettes" event. This topic will be placed on hold pending further information. Jim Martin will check with the Stafford County Sheriff's Department to see if there is any interest in the project.

### **New Business.**

--The BCC is in the preplanning stages of a Route 66, 100<sup>th</sup> Anniversary Cruise next year. More information to follow.

--Preliminary information was provided on a Maine to Key West, Florida, cruise on Route 1. More details to follow.

--The Vice President will check the availability of the Alpine Restaurant for the club Christmas party on Sunday, December 21.

### **AQUIA CREEK CORVETTE CLUB**

The purpose of this organization shall be to provide educational needs for those with Corvettes, and for the preservation, restoration, and enjoyment of all Corvettes.

### **NOW IN OUR 38<sup>th</sup> YEAR**

Aquia Creek Corvette Club (ACCC) was formed in September 1987 by a group of die-hard Corvette enthusiasts from Aquia Harbor in Stafford, VA. The name was selected reflecting the Club's geographic and historical origins in the Old Dominion. Through hard work and commitment, ACCC has enjoyed constant growth and now boasts 51 members representing nearly 80 Corvettes, from a 1954 to a 2023. ACCC membership consists primarily of Stafford County residents, but has members from Prince William, Spotsylvania, Culpeper, and Botetourt counties, as well as one member in North Carolina, one in South Carolina, and two in Florida. Since September 8th, 2014, the ACCC Facebook Group has been limited to ACCC members only, except for a few that were already group members.

## NEWS FROM THE NATIONAL CORVETTE MUSEUM (NCM)

May 2025

Dave Jones (Email: [oneregal@yahoo.com](mailto:oneregal@yahoo.com))

In recent newsletters I have provided information about ongoing events and galleries at the Museum, so this month I offer a quick look at upcoming special events and activities and the Museum in Motion program.

On August 28-30, 2025, join other Corvette enthusiasts at the National Corvette Museum 31<sup>st</sup> Anniversary with a three-day celebration in Bowling Green, Kentucky. The event is filled with exclusive activities, special presentations, Corvette Hall of Fame festivities, exciting raffles, and more. Registration opens in Spring 2025 and if you have questions or need additional information, you can contact the Museum Events Specialist Maci Johnson at (270) 467-8804 or Events Administrative Assistant Melissia Comer at (270) 777-4556.

The Museum in Motion (MIM) program has exciting events planned for this year. These events blend the thrill of driving, with socializing, sightseeing, and exclusive VIP access and behind-the-scenes opportunities. MIM this year has the following planned activities:

24 Hours of Le Mans - June 7-17, 2025 - Enjoy the excitement of the 2025 Le Mans Tour, a blend of racing heritage and French culture. Start off with four nights in Paris, exploring landmarks like the Eiffel Tower and the Louvre, before visiting Normandy's historic D-Day beaches. Then head to Le Mans for the legendary 24 hours of Le Mans and see Corvette Racing battle the world's best racers. Enjoy the Parade des Pilotes, two full days of racing and stay in Angers for a final mix of adrenalin and relaxation. End the trip with a final night in Paris and visit the Chartres Cathedral.

Branson Experience - June 24-28, 2025 - The adventure starts at the Hotel Grand Victorian with dinner, followed by a drive through scenic routes to Eureka, AR, for an open air trolley tour. Evenings are for entertainment, including a visit to the Branson Auto Museum, movie night, and the Showboat Branson Belle Dinner Cruise. Enjoy live shows such as the #1 Hits of the 60's and Dolly Parton's Stampede Dinner & Show.

Colorado Springs Adventure - July 13-17, 2025 - Enjoy a blend of history and thrills as you journey through the beautiful landscapes of Colorado Springs. Trip highlights include visits to the U. S. Olympic & Paralympic Museum, the U S, Air Force Academy, and the majestic Garden of the Gods. Drive to the summit of Pike's Peak and explore the Manitou Cliff Dwellings. Enjoy aviation history at the National Museum of WWII Aviation and dine at the Airplane Restaurant.

National Parks - September 21-27, 2025 - This scenic road trip includes some the country's most awesome landscapes, including the Grand Canyon's South Rim, Zion National Park, Bryce Canyon, Arches National Park, Glen Canyon Dam, Monument Valley, and the Canyonlands National Park. Travel with fellow Corvette enthusiasts to enjoy the thrill of winding canyon roads and panoramic desert vistas.

## Willing Warriors — Continuing Needs

### How ACCC Members Can Help

As we all know, Willing Warriors in Haymarket, VA, is a great cause. We attend their Vettes for Vets Corvette Show every year. There is a way we can help them on a continuing basis. They have recurring needs for the following:

- **Cases of Bottled Water** to keep in the garage refrigerator for volunteers who are working and Warrior families when they play outside or go off-site.
- **Tall Kitchen Trash Bags**
- **Dawn Dish Soap**
- **Paper Towels**
- **Septic Safe Toilet Paper**
- **Gallon and Quart size freezer zip lock baggies**
- **Pledge**
- **Snack bars** such as Nature Valley Granola bars

If you bring any of the above items to any ACCC meeting, ACCC Associate member Mary Anne McGovern has volunteered to get them to Willing Warriors. Thank you Mary Anne.

## What Did You Do to Your Corvette?

### Jack Whitis — 2023 C8 Stingray Coupe

Added extended mud flaps (stone guards) front and rear on Mulsanne. Inexpensive China versions with faux carbon fiber. If I like them, I'll upgrade someday. Easy switch out without removing the wheels.

### Al McCloud — 2019 C7 Convertible

April 1, State Inspection, Mobil One oil change, and a 22,000 mile 8-speed transmission flush, not cheap. Runs like a new one Ready for the Block Party and a run to Captain Billy's.

### Pete Rutledge — 1957 C1

No sooner had I put an end to the long saga of my fuel injection system renovation (see previous newsletters), than the ignition coil began leaking its insulating oil (the leaky coil was an expensive reproduction of the original coil). So, I purchased an economical replacement at AutoZone (it was the right color (black), size, and design, and only \$35) and installed it. Problem fixed.

### Pete Rutledge — 1954 C1

After not being started for about 6 weeks, I was able to start the engine (Blue Flame 6) without the need for starting fluid (ether); hooray! Maybe my carb rebuild (all 3 carbs) was okay after all. In order to avoid a major transmission fluid leak on the garage floor (because fluid seeps past a seal into a part of the transmission that doesn't have the capacity to hold it), I need to start the car at least once a month (running the engine/transmission pumps the fluid back into the proper location). I will try.

### Dave Jones — 2006 C6 coupe

I got my 2006 out of winter storage to ready it for the spring/summer season.
